

Members wishing to learn more about using or updating the club web site should do a "Member Login" and proceed to the **Club Documents/Internal page** (visible only to club members who have done a Member Login).

There, you will find several short "how-to" documents (written in plain English) on how to use different features of the web site.

If still in doubt, feel free to contact any member of the Web Site Management Team or myself!

Sincerely,

A handwritten signature in black ink, appearing to read "C. Fordham", with a horizontal line underneath.
